ABOUT COMPANY

We CHANDRA CHEMICAL INDUSTRIES are manufacturers and suppliers of various bulk and specialty chemicals and catering the Indian Textile market since last 40 Years. We are having two manufacturing units in Jodhpur located in Basni and Boranada with the production capacity is 15000 MT annually. The credit of the company's progress is largely attributed to the most valued customers for patronizing the products of the company, hard work done by all employees and an unprecedented support extended by all the well-wishers. The company is built on a foundation of technocrats who have experience of almost four decades in the manufacture of various chemicals catering textile market.

DIRECTOR MESSAGE

Our Chairman Sh. Chandra Prakash Khatri started the factory in 1972. Based on our long experience in chemical industry, we have added some of the special coating chemicals like Lacquers, Sealers, etc. for Wood and Metal under the branding of "CCI COATINGS" to cater the Handicraft and Furniture market of Jodhpur and out side We have installed State Of Art Plant & Machinery with the production capacity of 1 lac litre per month to manufacture these Coating Chemicals using best quality raw materials because WE BELIEVE IN QUALITY. We hired best chemical consultants of India to come up with best quality Coating Chemicals.

Good Quality and Timely Service are the two factors we concentrate on. And this is the reason why the various industries of Jodhpur and outside have faith on us.

We hope this faith will continue to persist for the years & years to come.
